

DITTE SERVING PLATE LARGE, BEIGE/BORDEAUX

5018653

sagaform

One dish – many uses. The Ditte serving plate is perfect for tapas, tacos, or assorted appetizers – everything fits on the same plate. With its beige tone and delicate burgundy splatter pattern, it is both practical and stylish. Instead of several small bowls, this dish saves space on the table and reduces the washing up. The new, larger size and oval shape provide extra room compared to its round companion in the same series. Ditte is handmade, meaning color and surface may vary – each plate is unique. Made of stoneware. Design: Studio Sagaform. Delivered in a classic gift box. Dishwasher safe and food safe. Handmade, color and texture variations may occur.
