**DESCRIPTION:**

Item Number:
411140

Product Fabrics:
80% recycled cotton
20% polyester

Description:
Cottonbags of recycled cotton is a great alternativ. It saves the eath´s resurchers as it reduces the need for newly producedd cotton an we can take care of what we already have.
This bag is woven from recycled cottonwiers and has received a little extra polyesterwiers added in due to the recycled cottonwiers are a little bit weaker, this make the bag strong and durable.
Why not put a picture or a logo on your bag - we´ll help you with the process!
The bag is approved as Global Recycle Standard
