DESCRIPTION:

Stylish and nature-inspired – understated yet elegantly luxurious! The **Sten wine cooler** features a straight design with a rounded base. Crafted from brown forest marble, it is heavy and solid, with irregular patterns reminiscent of nature's own details. The result is a cooler with a strong, natural look. Place ice in the bottom or chill it in the freezer for a couple of hours to keep your wine cold.

Sten is designed to be timeless – both the form and material never go out of style. A sustainable tip: when not chilling or serving drinks, use it as a vase! Design: **Studio Sagaform**. Delivered in a classic gift box. Food safe. Handmade, color and texture variations may occur.
